GIRL EMPOWERMENT CAMPAIGN

#CyberKanya

Screen Se Financial Freedom Tak

Every girl deserves to know how money works.
Let's teach her early, starting with a screen.

"Follow #CyberKanya – because every rupee she understands today is a step toward the freedom she owns tomorrow."

Screen Se Financial Freedom Tak

HOW AI HELPED CREATE THIS CAMPAIGN

- **Idea & concept: Gemini** was used to brainstorm the initial campaign concept, connecting girls' everyday screen habits with the idea of financial literacy.
- **Girl illustration: Imagine.art** was used to generate the central hand-drawn doodle-style illustration of a girl, giving the poster a warm, personal visual identity.
- **Caption writing: Claude** was used to draft and refine the Instagram caption, adjusting tone and wording to feel personal and on-theme.
- **Poster & document layout:** The poster and this document were typeset and formatted in **Overleaf (LaTeX)** for a clean, print-ready finish.

Prepared as part of the AI Content creation task by InAmigos Foundation.

Made using overleaf.
